Brandeis University Aug 2022 – May 2026

BA in Computer Science & Anthropology | GPA: 3.7

SKILLS

PowerShell, Slack, Claude Code, ServiceNow, Zendesk, Jira, Office 365, Excel, SQL, SaaS, Confluence, Azure AD, Windows 10/11, iOS, Android, PCs, Linux, Laptops, Printers

EXPERIENCE

IT Support Technician Jan 2023 – May 2026

Brandeis University | Waltham, MA

- Led onboarding for 50+ new hires by provisioning user accounts, installing software, and ensuring secure access to company systems (SSO/MFA) on day one
- Supported 200+ employees across Windows and macOS environments, troubleshooting hardware, software, mobile device management, laptop, printer, and WiFi/networking issues via Zoom and in-person
- Diagnosed and resolved TCP/IP, DNS, VPN and LAN/WAN connectivity issues while maintaining technical documentation and support tickets, reducing recurring IT requests by 10%

Project Manager Intern May 2025 – Aug 2025

Boynton Insurance Group | Natick, MA

- Bridged the gap between non-technical stakeholders and cross-functional teams by translating business goals into actionable requirements with 2-week delivery cycles
- Owned the end-to-end launch of landing pages from wireframing (Figma) to workflow automations (Zapier) and drove a 75% traffic increase
- Defined product priorities by identifying 3 friction points across claims and policy management workflows and translated findings into 5 roadmap updates owned from intake to deployment

Product Analyst Intern Aug 2024 – Jan 2025

Accenture | Boston, MA

- Analyzed operational data across a 4-stage product build to communicate actionable progress reports that surfaced inefficiencies and decreased delays by 5%
- Leveraged A/B testing to identify 5 high-impact feature opportunities across monitoring workflows and prioritized a roadmap projected to reduce churn by 15% year-over-year
- Researched 50+ competitor tools and emerging AI trends to support a product launch that will streamline insights delivery for 30+ client engagements
